The Group’s solar power business mainly engaged in supply and installation of solar photovoltaic parts and equipment. During the period, the Group has recognised a revenue of approximately HK\$10.8 million from the solar power business for the six months ended 31 December 2024, a decrease is noted compared to a revenue of approximately HK\$14.4 million in the six months ended 31 December 2023, as the Group secured and delivered a lower volume of contracts during the period.

The Group recorded a revenue of approximately HK\$43.7 million in the six months ended 31 December 2024, compared to a revenue of approximately HK\$48.7 million in the six months ended 31 December 2023. A decrease was noted due to the lower volume of contract during the period.

Beauty and Health Business

The Group started beauty and health business during the period and recorded a revenue of HK\$0.2 million.

FINANCIAL REVIEW

Revenue

For the six months ended 31 December 2024, majority of the Group’s revenue was derived from solar power business, electrical distribution system and beauty and health products in the People’s Republic of China (the “**PRC**”).

Revenue contributed from solar power business, electrical distribution system and beauty and health products in PRC comprised approximately 19.7% (HK\$10.8 million), 79.9% (HK\$43.7 million) and 0.4% (HK\$0.2 million) of the total revenue of the Group, respectively.

Operating Results

During the period under review, gross profit of the Group increased by 52% to approximately HK\$3.5 million (six months ended 31 December 2023: HK\$2.3 million) as compared to the six months ended 31 December 2023. Gross profit margin increases from that of 3.6% for the six months ended 31 December 2023 to 6.4% for the six months ended 31 December 2024. An increase in gross profit margin is attributable to a general increase in pricing.

Loss attributable to owners of the Company is approximately HK\$16.3 million (six months ended 31 December 2023: loss of HK\$27.7 million) and basic loss per share attributable to ordinary equity holders of the parent is HK\$12.8 cent (six months ended 31 December 2023: loss per share of HK\$33.1 cent). The change is mainly attributable to the combined effect of (i) improvement in electrical distribution system segment result to a profit of approximately HK\$3.7 million (six months ended 31 December 2023: loss of HK\$11.6 million); (ii) deterioration in solar power business segment results to loss of approximately HK\$8.2 million (six months ended 31 December 2023: profit of HK\$1.1 million); and (iii) decrease in corporate and other unallocated expense to approximately HK\$7.6 million (six months ended 31 December 2023: HK\$12.9 million).

Other Gains and Losses

Other gains and losses had changed from a net gain of approximately HK\$0.04 million for the six months ended 31 December 2023 to a gain of approximately HK\$0.2 million for the six months ended 31 December 2024. The other gains and losses mainly represented gain on disposal of property, plant and equipment, sample sales, bank interest income and net fair value loss on financial assets at fair value through profit or loss.

Administrative Expenses

Administrative expenses for the six months ended 31 December 2024 decreased to HK\$11.5 million for the six months ended 31 December 2024 compared to approximately HK\$13.1 million for the six months ended 31 December 2023. The decrease was generally due to the decrease in employee benefits.

Taxation

There was a net income tax credit of approximately HK\$1.1 million for the six months ended 31 December 2024 compared to net income tax expenses of approximately HK\$0.6 million for the six months ended 31 December 2023, which mainly due to overprovision of tax expenses in priors year in solar power business in PRC.

Corporate Governance and Other Information

CORPORATE GOVERNANCE PRACTICES

The Company is committed to establish and maintain high standard of corporate governance. The Company believes that good corporate governance system provides a sustainable and solid foundation for the Company to manage business risks, enhance transparency, advance accountability and maximise shareholders' interests.

The Company has applied the principles of Corporate Governance Code (the **"CG Code"**) as set out in Appendix 14 to the Rules Governing the Listing of Securities (the **"Listing Rules"**) on The Stock Exchange of Hong Kong Limited (the **"Stock Exchange"**) and complied with all applicable code provisions of the CG Code throughout the six months ended 31 December 2024, save and except for the below deviations.

Code provision C.2.1

The Board considers that this structure would not impair the balance of power and authority between the directors and the management of the Group.

The roles of the respective executive Directors and senior management, who are in charge of different functions, complements the roles of chairman and managing director. The Board believes that this structure is conducive to strong and consistent leadership which enables the Group to operate efficiently.

The Board understands the importance of complying with the code provision C.2.1 of the CG Code and will continue to consider the feasibility of compliance. If compliance is determined, appropriate persons will be nominated to take up the different roles of the Chairman and the Managing Director.

Code provision C.1.8

According to Code C.1.8 of the CG Code, the Company should arrange appropriate insurance cover in respect of legal action against its directors. The Board believes that with the current risk management and internal control systems and the close supervision of the management, the Directors' risk of being sued or getting involved in litigation in their capacity as Directors is relatively low. 2. BASIS OF PREPARATION

The unaudited condensed consolidated financial statements of the Group for the six months ended 31 December 2024 (the **“Interim Financial Statements”**) have been prepared in accordance with International Accounting Standards (**“IASs”**) 34 Interim Financial Reporting issued by the International Accounting Standard Board (**“IASB”**).

The Interim Financial Statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group’s annual financial statements as at and for the year ended 30 June 2024.

Basis of consolidation

The Interim Financial Statements comprise the financial statements of the Company and its subsidiaries for the six months ended 31 December 2024. The financial statements of the subsidiaries used in the preparation of the Interim Financial Statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to transactions and events in similar circumstances.

All intra-group balances, income and expenses resulting from intra-group transactions are eliminated in full.

3. PRINCIPAL ACCOUNTING POLICIES

The Interim Financial Statements have been prepared under the historical cost convention except for financial assets at fair value through profit or loss (Note 18) which have been measured at fair value. These financial statements are presented in HK\$. All values are rounded to nearest thousands (**“HK\$’000”**) unless otherwise stated.

The accounting policies and methods of computation used in the condensed consolidated financial statements for the six months ended 31 December 2024 are the same as those presented in the Group’s annual consolidated financial statements for the year ended 30 June 2024.

Application of amendments to International Financial Reporting Standards (**“IFRSs”**)

In the current interim period, the Group has applied the following amendments to IFRSs issued by the IASB for the first time, which are mandatorily effective for the Group’s annual period beginning on 1 July 2024 for the preparation of the Group’s condensed consolidated financial statements:

Amendments to IFRS 16	Lease Liability in a Sale and Leaseback
Amendments to IAS 1	Classification of Liabilities as Current or Non-current
Amendments to IAS 1	Non-current Liabilities with Covenants
Amendments to IAS 7 and IFRS 7	Supplier Finance Arrangements

The application of the amendments to IFRSs in the current interim period has had no material impact on the Group’s financial positions and performance for the current and prior periods and/or on the disclosures set out in these condensed consolidated financial statements.

The Group’s Interim Financial Statements have been reviewed by the audit committee of the Company (the **“Audit Committee”**).

4. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Interim Financial Statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and their accompanying disclosures. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future accounting periods.

5. SEGMENT INFORMATION

For management purposes, the Group is organised into business units based on their products and services and has three reportable operating segments as follows:

- (a) supply of solar photovoltaic parts and equipment ("**Solar power business**");
- (b) provision of electrical distribution system ("**Electrical distribution system business**"); and
- (c) trading of beauty and health products ("**Beauty & Health**").

Management considers the business from product type perspective. During the six months ended 31 December 2024, the Group commenced the business engaging in trading of beauty & health product, and it is considered as a new operating and reportable segment. Management monitors the results of Solar power business, Electrical distribution system business and Beauty & Health business separately for the purpose of making decisions about resource allocation and performance assessment. Management was of the view that these three segments were mutually exclusive and distinguished from each other.

Segment performance is evaluated based on reportable segment profit/loss, which is a measure of adjusted profit/loss before tax from continuing operations. The adjusted profit/loss before tax from continuing operations is measured consistently with the Group's profit before tax from continuing operations except that unallocated gains as well as head office and corporate expenses are excluded from such measurement.

There were no inter-segment sales for the six months ended 31 December 2024 and six months ended 31 December 2023.

Segment assets exclude unallocated head office and corporate assets such as certain of plant and equipment, financial assets at fair value through profit or loss, certain prepayments, deposits and other receivables, and cash and cash equivalents as these assets are managed on a group basis.

Segment liabilities exclude unallocated head office and corporate liabilities such as certain of other payables and lease liabilities as these liabilities are managed on a group basis.

Withholding tax was provided for dividend distributed and undistributed profits of certain subsidiaries in the PRC at a rate of 10% for both period.

On 21 March 2018, the Hong Kong Legislative Council passed the Inland Revenue (Amendment) (No. 7) Bill 2017 (the “**Bill**”) which introduces the two-tiered profits tax rates regime. The Bill was signed into law on 28 March 2018 and was gazette on the following day.
